Adobe Suite

EDUCATION

Alchemy Code Lab | 2021
Full-Stack Software Engineer
Portland, Oregon

Oregon State University | 2012 - 2017
Zoology
Corvallis, Oregon

Empathetic communicator and creative problem-solver with a commitment to accessible, intuitive UX & UI. Confident collaborator, lifelong learner, and excited educator.

PROJECTS

Gotchi BB github | deploy
REACT | EXPRESS | CSS

A full-stack CRUD app with a RESTful API that allows users to care for a virtual pet. Written on a 10-day sprint with a team of 4, I took the lead in project management, executed complex time-tracking logic, and personally implemented a natural language processing bot to allow users to chat with their pet.

Self Care Bear github | deploy
REACT | SUPABASE | SQL | CSS

A React app utilizing Supabase, designed to help users create good habits and maintain daily routines. Written on a 4-day sprint with a team of 4, I implemented complex conditional rendering logic and a polished UI.

Unspoken github | deploy
REACT | SUPABASE | SQL | CSS

A React app utilizing Supabase, Unspoken allows authenticated users to read, post, and update stories, memories, etc. Written on a 4-day sprint with a team of 4, I took the lead in project management and wrote views, components, CSS, and refactored code for optimal readability and functionality.

PROFESSIONAL HIGHLIGHTS

Wag Pet Care | Founder
JULY 2012 - MAY 2021
Founded and operated a successful pet sitting and dog walking company employing up to three additional staff to maintain client relations with effective communication and delivery of exceptional services. Created & maintained WordPress website.

Klaich Animal Hospital | Veterinary Assistant
SEPTEMBER 2019 - MAY 2021
Collaborated with a diverse team to provide critical patient care. Communicated complex and precise information in a fast-paced and high-stress environment. Responsible for assisting with complex medical procedures.

Chintimini Wildlife Center | Shift Lead, Educator
NOVEMBER 2012 - JULY 2017
Gave educational presentations focused on wildlife conservation. Cared for and trained wildlife ambassadors and supervised and instructed volunteers on proper procedure.
